

A Movement estimate from frozen features

Expanded summary; source-balanced R^2

Initial encoder

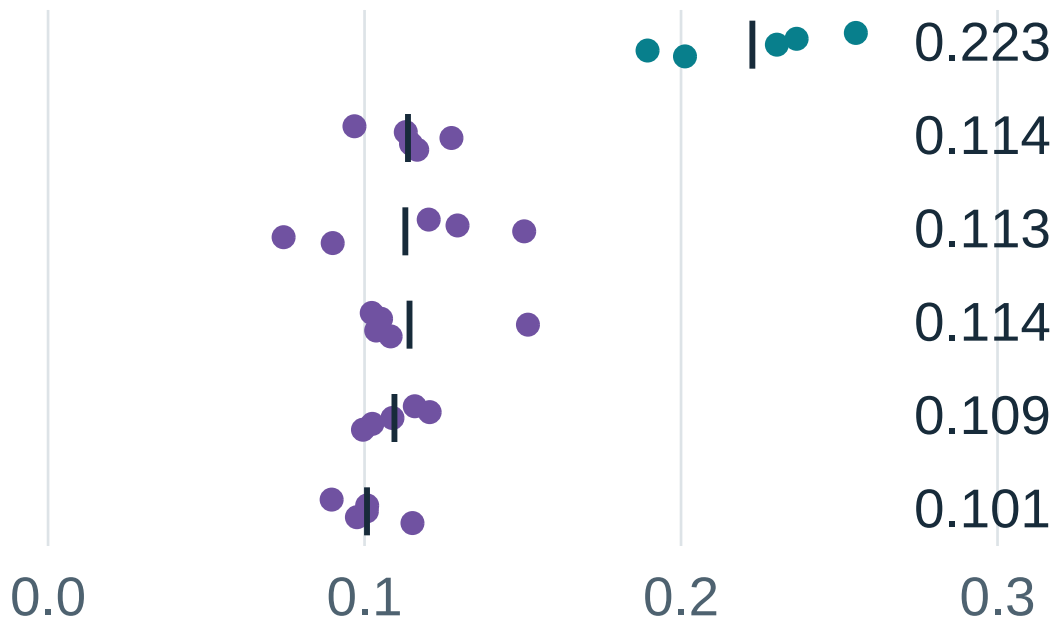

Random: motion

MAMP-style

Motion mixture

Random: region

Connected region

Dots: seeds; tick: mean. Same 93 videos.

B Hidden-feature matching

Correct clip beats another source

Initial

33/75 checks

Trained

375/375 checks

Repeated checks on fitted models;
same videos, not independent trials.

Future movement is untested here.
